

Reference exporting from Web of Science to RefWorks

University of Eastern Finland Library
2017

The screenshot shows the University of Eastern Finland Library website. A search bar contains the text 'web of science'. A red arrow points from the search bar to a red-bordered box containing the text: '1. Go to UEF-Finna and search 'web of science'. You may also access Web of Science from UEF Library web page: Information retrieval support -> Quick Reference.'

Another red arrow points from the search results to a red-bordered box containing the text: '2. Select 'Database interface' to enter the database.'

The search results show the 'Web of Science - WoS (ISI)' database. A red arrow points from the 'Database interface' link to the red-bordered box containing the text: '3. Conduct a search in Web of Science.'

The screenshot also shows the 'Web of Science' search interface. The search bar contains the text 'osteopor* AND diagnos* AND ultraso*'. A red arrow points from the search bar to the red-bordered box containing the text: '3. Conduct a search in Web of Science.'

4. Select the references which you want to export to RefWorks.

5. Select 'Save to RefWorks'.

6. Click 'Send'.

The screenshot shows the 'Web of Science' search results page. On the left, there are filters for 'Refine Results' and 'Publication Years'. The main area displays a list of search results. Three results are selected with checkboxes. A context menu is open over the first result, with 'Save to RefWorks' highlighted. A 'Send to RefWorks' dialog box is also open, showing '3 records selected' and a dropdown menu for 'Record Content' set to 'Author, Title, Source, Abstract'. The 'Send' button is visible in the dialog.

7. Choose the version you want to use (new RefWorks is recommended).

8. Sign in to RefWorks.

9. References are imported to your 'Last Imported' folder.

The first screenshot shows a choice between 'Export to legacy RefWorks' (with a round orange logo) and 'Export to the new RefWorks' (with a square blue logo). A red arrow points to the 'Export to the new RefWorks' option. The second screenshot shows the 'Making research easier' sign-in page with an 'Enter your email address' field and a 'Next' button. A red arrow points to the 'Next' button. The third screenshot shows the 'Import complete' message: 'We've saved 3 documents in your library.' with an 'OK' button. A red arrow points to the 'OK' button. The fourth screenshot shows the ProQuest RefWorks interface with a sidebar containing folders: 'All Documents', 'Search Databases', 'Last Imported' (circled in red), 'Sharing', 'My Folders', 'Tags', and 'Deleted'.
