

KUOPIO STROKE

SYMPOSIUM | JUNE 5-7, 2019

uef.fi/stroke

PROGRAMME

WEDNESDAY, JUNE 5

11:00 - Registration and coffee

13:00 - 13:30 Opening of symposium

AFTERNOON SESSION I: A global action against stroke

13:30 - 14:15 International collaborative efforts in stroke research

14:15 - 15:00 STEPS IV and other guidelines to improve stroke research

15:00 - 15:30 Coffee and exhibition

AFTERNOON SESSION II: From heat to hypercoagulation - Uncommon stroke risk factors and uncommon measures of prevention

15:30 - 16:00 New insights on hypercoagulation and ischemic stroke

16:00 - 16:30 Emerging risk factors for and secondary prevention after cerebral venous thrombosis

16:30 - 17:00 Sauna bathing and prevention of stroke and cardiovascular disease

18:00 - Kallavesi by boat, smoke sauna and local dinner

THURSDAY, JUNE 6

MORNING SESSION I: Recanalization therapy

08:30 - 09:15 Therapeutic windows of stroke thrombolysis

09:15 - 10:00 TBA

10:00 - 10:30 Coffee and exhibition

MORNING SESSION II: Intracranial bleeds

10:30 - 11:00 ICH - intracerebral hemorrhage

11:00 - 11:30 Time line analysis of acute SAH care in a defined population

11:30 - 12:00 Longterm outcome after SAH in a defined population

12:00 - 13:00 Lunch and exhibition

AFTERNOON SESSION I: Stroke rehabilitation

13:00 - 13:30 Patient-tailored treatment strategies in stroke

13:30 - 14:00 Technologies to support self-management in upper limb stroke rehabilitation

14:00 - 14:30 Brain-computer interface rehabilitation

14:30 - 15:00 Coffee and exhibition

AFTERNOON SESSION II: Stroke genetics

15:00 - 15:30 Genomics of stroke

15:30 - 16:00 Genomics of intracranial aneurysms

16:00 - 16:30 Genomics of brain arteriovenous malformations

19:00 - 22:00 Banquet, Wanha Satama

PERJANTAI, 7.6.

DIGITAALISET SOVELLUKSET AVH-KUNTOUTUKSESSA

09:00 - 09:45 The impact of health environment on post-stroke recovery

09:45 - 10:15 Virtual reality and gaming in stroke rehabilitation

10:15-10:45 Kahvitauko ja näyttely

10:45 - 11:15 ACTIVAGE – pelillistetty kotikuntoutuskonsepti

11:15 - 11:45 Miten motivaatiota ja yksilöllistä

merkityksellisyyttä voidaan tukea avh-kuntoutuksessa?

11:45 - 12:15 Virtuaalitodellisuus avh-kuntoutuksessa - hoitajien näkökulma

12:15 - 13:15 Lounas ja näyttely

13:15 - 13:45 AIMO-hanke - avh-etäkuntoutusmalli

13:45 - 14:15 Musiikin vaikutus aivojen toipumiseen aivoinfarktin jälkeen

14:15 - 14:45 Kahvitauko ja näyttely

14:45 - 15:15 Tanssi AVH-kuntoutuksessa

15:15 - 15:45 Tanssiesitys

15:45 - Keskustelu ja tilaisuuden päätös

FRIDAY, JUNE 7

Workshops and lab visit

Joint hands-on workshop

Endovascular thrombectomy, stents and embolization

Joint hands-on workshop

Transcranial Doppler and ultrasound imaging in stroke

Visit to Pasi Karjalainen's lab

Robot-assisted rehabilitation and motion analysis in neurorehabilitation
