Hardangercouncil is an active collaborator. We work closely with the 7 municipalities in Hardanger. Tourism is of great importance to our region, and as you will soon see, all of Hardanger is rural.

- We are a support and supplement to all 7 local municipalities and their administrations
- Business development are among our tasks. It is important to work for new businesses and development of existing. To be an organizer and prepare for the future.
- We also work with national government issues on behalf of our region.
